

Feed Iowa First Wishlist

Farming is hard work and often that work can be made easier and more efficient with the right tools. Feed Iowa First is an all-volunteer organization. It takes hundreds of volunteers who invest thousands of hours each season to make our mission of combatting food insecurity possible. Possessing the right tools enables our volunteers to be more efficient possibly cutting volunteers hours for some tasks in half. In many cases, it also makes volunteer work more enjoyable and less back breaking. Please contact us at feediowafirst@feediowa1st.com or 319-775-0149 if you or your organization would like to make a generous in-kind donation from our wish list. Of course, we gladly accept used gardening equipment.

Thanks to a generous grant from the Greater Cedar Rapids Community Foundation, Feed Iowa First was able to purchase a BCS Tiller Model 749 PS Walk-Behind Tractor. Our newly purchased BCS tractor offers a wide variety of attachments.

- a. [Flail Mower](#) (\$2,165.00)
- b. [Utility Trailer Attachment](#) (\$1,300.00)
- c. [Buddy Cart Attachment](#) (\$575.00)
- d. [Rotary Plow Attachment](#) (\$1,475.00)

[5-Tine Cultivating Broad Fork \(2\) \(\\$185.00\)](#). Designed for digging in heavy clay soil. The tines/blades are made of heat-treated hardened steel: 10" long and tapering from 2.5" down to a point – 4.5" spacing between tines. Easily tills even heavy clay soil, slides right through – aerating without disturbing soil structure.

Feed Iowa First **Wishlist**

[Professional Sharp Bypass Pruning Shears](#) (\$16.00). This shear has a titanium coated straight stainless-steel blade that will stay sharp longer. Includes a comfort grip handle with spring loaded action for less fatigue. It has an easy-lock mechanism for safe storage. These shears are great for shaping or pruning your favorite plants.

[Grow Lights \(10\)](#) (\$47.59). Ideal for all phases of indoor plant growth and is suitable for soil or hydroponic gardens.

[Heavy Duty Gardening Gloves for Men and Women](#) (3-Pack/\$9.00). These gloves keep volunteer hands safe from cuts, scratches and dirt.

[Garden Hose](#) (\$40.00). We never have enough garden hose.

Drip Irrigation Supplies (Contact Us). Drip irrigation is a type of micro-irrigation system that saves water by allowing water to drip slowly to the roots of plants, either from above the soil or buried below the surface.

[Oscillating Pedestal Stand 3-Speed Fan \(5\)](#). (\$21.48)

Used to help exchange air and keep our nursery the ideal temperature for seed starting through the growing season.

[Oscillating AC Fan \(5\)](#) (\$49.00). Used to help exchange air and keep our nursery the ideal temperature for seed starting through the growing season.

[Tomato Cages](#) (100 Used or New. New \$5.00)
